

Explore the works of the Platform Graduate Award 2020 exhibition.

As you go from piece to piece look closely and think about these things...

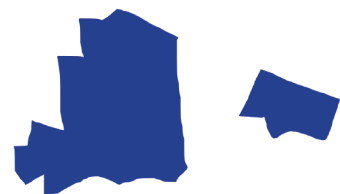

How was this made?

Does this remind you of anything?

What shapes can you see? Can you find similar shapes somewhere else?

Can you describe the artwork you are looking at using only three words?

Do you think any of the artworks are similar?

THIS IS FUN

What are you thinking about?

How is this artwork different from the last artwork you looked at?
